# THE OMAHA SUNDAY BEE.

A NEW AFRICAN STORY.

# "The Wizard." By RIDER HAGGARD.

It Began August 2d and Will Run 12 Weeks.

IN this story Mr. Haggard relates the terrible experi-1 ences of the Reverend Thomas Owen, who, persuaded that Faith, if strong enough, could accomplish all things even to the performance of miracles, gave up a comfortable living in the Church of England to practice his preaching among the Children of Fire.

He went knowing that this savage African tribe, under the spell of the Wizard Hokosa, had put to death the last "White Messenger" because he could not prove his religion by raising from the dead his companion whom they had slain before his very eyes. This he learned through a third missionary whom they sent b ack to hispeople with this message:

"Tell them that having proved you to be liars they dealt with you as all honest men seek that all liars should be dealt with. Tell them that they desire to hear more of this matter, and if one can be sent to them who has no false tongue, who in all things fulfills the promises of his lips, that they will harken to him an1 treat him well; but that for such as you they keep a spear."

It was this challenge that the Reverend Thomas Owen accepted; and in this serial is told the wonderful story of his single-handed conflict with the Children of Fire and his almost miraculous success in bafiling their prophets and confounding their Wizardry-converting first the king and then the great body of his people; among others his son and rightful heir to the throne.

# OMAHA GETS A MILD BOOST

Kentucky Division, L. A. W., Endorses the Gate City for the '98 Meet.

BOOMERS ATTRACTING MUCH ATTENTION

Appearance of the Delegation in the Great Parade Brings Forth Favorable Comment on the Aspirations of Omaha.

LOUISVILLE, Aug. 12.-(Special Telegram.)-At a meeting of the Kentucky division of the League of American Wheelmen, held in Louisville today, the following resolution was unanimously adopted:

ing resolution was unanimously adopted:

Whereas, The Omaha League Wheelmen of Nebraska through their efforts have worked up popular sentiment among the members of the League of American Wheelmen in favor of holding the national moet of 1885 in Omaha and.

Whereas, From June to November, 1885, there will be held in said city the Transmississispl and International Exposition, for which low transportation rates will be made from all points in the union; and Whereas, Said city of Omaha is located midway between the east and west, north and south, and has fourteen different trunk lines of railway; therefore, be it

Resolved, That it is at present the sense of the Kentucky division of the League of American Wheelmen, in meeting assembled, that, conditions remaining as now they are, we favor and recommend to the members of the League of American Wheelmen the holding of the meet for 1898 at Omaha.

Omaha's delegation in the parade today excited favorable comment and present in-dications are very flattering for the prospect for obtaining the national meet in 1898 The weather today is all that the visiting wheelmen could desire and they are enjoying themselves to the full extent. A heavy thunder storm last night caused the ther-mometer to take a tumble, and all day a good breeze has been blowing which has had the effect of cooling and all day a had the effect of cooling off the atmosphere to such an extent as to make a ride on the wheel thoroughly enjoyable.

All the preparations for the races which begin tomorrow have been completed and

everything is in fine shape. The track being lightning fast, some good sport is auticipated and it will not be surprising if old records and it will not be surprising if old records are lowered and new ones hung up. In this connection W. C. Pelow of Chicago says: "There will be the greatest races in the history of bicycling. They will be the greatest for the reason that the fastest men in the country and more of them will take part in the contests than ever before gathered at a bicycle race track. Another thing, the track is the fastest in the world. The racers track is the fastest in the world. The racers are in excellent condition, and eager for the laurels which will fall to the hands of the victorious in the splendid contests. If these conditions do not secure great races. I don't know what would." The small number of women cyclists present up to date is a cause of remark, but

it is expected that by tomorrow quite a large crowd of the fair sex will be in at-The century run to Frankfort and return that was to have been taken by the wheel-men at 6 o'clock this morning, was abandoned on account of the bad condition of the roads, caused by last night's storm. Will Ruby, who had charge of the run to Frankfort, took a company of wheelmen over to the Jeffersonville penitentiary and government depot instead. Runs were also made to New Albany, Mooresville, Falls of the Ohio and Shipping Port, about twentyfive miles from the city. The grand parade started at 3:20 o'clock this afternoon, and after going over the principal streets o the city, wound up at Jacobs' park, where the watermelon feast was held. Prepara-tions were made at the park to supply 10,000 wheelmen with watermelons. This evening from 9 to 12 o'clock, a reception was given the visitors at the Iroquois club, which is located in Southern park, half way between Jacobs' park and the city.

# GAMES OF THE NATIONAL LEAGUE.

Chicago and Cincinnati Unable to Finish on Account of Fussing. CHICAGO, Aug. 12.—Today's game tween the Reds and Colts was full of excitement and almost constant wrangling with Umpire McFarland. In the sixth in ning the Colts had the bases full, with no one out. Anson hit a sharp one to no one out. Anson hit a sharp one to Vaughn, who touched first and threw to third, Everett in the meantime having come home. Vaughn claimed to have caught the hit and demanded a triple play decision, which after a lengthy argument on both sides was not allowed. Anson alone being called out. The game was called by mutual consent with the score a tle and will be played off tomorrow. Attendance, 7,000. Score:

Hits: Chicago, 5; Cincinnati, 4. Errors: bicago, 1; Cincinnati, 3. Earned runs: bicago, 1; Cincinnati, 1. Batteries: Chicago, Griffith and Kittredge; Cincinnati.

cago, Grimin and Kittredge; Cincinnati, Foreman and Peltz.

PITTSBURG, Aug. 12—Breitenstein was the stumbling block in the way of victory by the home team today. The hits made by Pittsburg were too widely scattered. Attendance, 1,266. Score; St. Louis .......... 0 1 0 1 0 0 0 0 1 - 3
Hits: Pittsburg, 6; St. Louis, II. Errors: Pittsburg, 1; St. Louis, I. Earned runs: Pittsburg, 1; St. Louis, 3. Eatteries: Pittsburg, Killen and Sugden; St. Louis, Breitenstein and McFarland.
LOUISVILLE, Aug. 12.—Two games were played here today, the game scheduled for tomorrow being advanced. Score, first game:

ka factories. If you can-Hits: Louisville, 9; Cleveland, 10. Errors: Louisville, 3; Cleveland, 0. Earned runs: Louisville, 3; Cleveland, 1. Batteries: Louisville, Hill and Dexter; Cleveland, Cuppy and Zimmer, Score, second game:

# CANADIANS WIN AT CLEVELAND. International Yacht Ruces on th

Lake Go to the Visitors. CLEVELAND, Aug. 12—The second day of the international yacht races off this ort dawned clear and pleasant. A light orthwest four-mile an hour breeze pre vailed during the early morning, when th yachts were tacking back and forth in the vicinity of the starting point. Weather sharps predicted that a rattling north and northwesterly gale would spring up before the day ended. It was decided to have three races today. These will be for forty-six-footers, forty-footers and fifteen-footers. The most interest surrounds the race of the forty-six-footers, for in this the Canadian defender, Canada, will start. The Canadians are very much in evidence, and it will be hard for any American bout to win in either the forty-six or forty-footer yachts. The entries in full for today were as follows:

Forty-six-Pooters—Czarina, Toledo Yacht yachts were tacking back and forth in the

win in either the forty-six or forty-footer yachts. The entries in full for today were as follows:

Forty-six-Footers—Czarina, Toledo Yacht club; Canada, Royal Canadian Yacht club; Canada, Royal Canadian Yacht club; Surprise, Detroit Yacht club.

Forty-Footers—Dinah, Hamilton Yacht club; Surprise, Detroit Yacht club; Forty-Footers—Dinah, Hamilton Yacht club; Vivie, Royal Canadian Yacht club, Toronto; Puritan, Toledo Yacht club; Sultana, Toledo Yacht club.

Twenty-five-Footers—Volant. Toledo Yacht club; Sibyl, Buffalo Yacht club; Whim, Cleveland Yacht club; Pearl, Toledo Yacht club; Test, Sandusky Yacht club.

The starting signal was given at 10:14, and the last yacht passed over the line at 10:27 a, m.

Just before the start the judges decided that only one of the classes postponed yesterday should be started today. That was the twenty-five-foot class, making five-mile legs, The other classes to race today were the forty-six and forty-foot classes. The wind freshened to ten miles an hour shortly after the start. Three and one-half miles from the start Puritan of the forty-foot class carried away her topmast and was out of the race. Zelma at that time led in the forty-six-foot class. Sybil was still pointing the way for the little fellows, with Test second. In the forty-six-foot class Canada finished first and Zelma second. In the forty-six-foot class Vivia finished first in 1:01:46. Dinah crossed the line second, but will win on time allowance. Sybil won in the twenty-foot class. The races were finished in a twelve-mile breeze.

Splendid Game at Superior. SUPERIOR, Neb., Aug. 12.—(Special.)— The Superior and Blue Hill teams played yesterday the most interesting game ever played here. They are the two strongest teams in the South Piatte country. The time was incredibly short—one hour and twenty-three minutes. Score: Superior ...... 0 0 2 0 0 0 0 0 Blue Hill ...... 0 1 0 0 1 0 0 1 Hits: Superior 6: Blue Hill, 2. Errors: Superior, 6; Blue Hill, 1. Struck out: By Scott, 9; by Welbahm, 7. Bases on balls: Off Welbahm, 3; off Scott, 2. Batteries: Superior, Welbahm and Felt; Blue Hill, Scott and Prentiss. Umpire: Cinberson.

Platte Center Defeats Albion. GENOA, Neb., Aug. 12.—(Special.)—The largest crowd that ever witnessed a game on the home diamond was here yester day to see Albion and Platte Center play The game was interesting from start to finish. Albion's two first runs were mad-on the center's errors. Score: Batteries: Ragan and Seinbeck; Weave and Fulmer. Umpires: Green and Brack

# THE WHITE METAL ABROAD

History of the Rise and Fall of Silver in the Chilian Republic.

EFFECT OF CHEAP MONEY ON WAGES

Two Striking Object Lessons Taken from Reports of United States Ministers Sample of Senstor Stewart's Logic.

Minister Strobel's report to the State department upon the resumption of specia payments in Chili is a striking argument against free silver coinage and its inevitable result-silver monometallism. Mr. Strobel gives a concise financial history of the Chilian republic, says a Washington dispatch, pointing out in detail the disastrous effects of a depreciated currency and tracing the progress of the movement which culminated recently in the adoption by Chili of the gold standard as the only satisfactory system of finance.

Chill, according to Minister Strobel, has learned from sad and bitter experience, that there can be only one standard of values, and that the so-called double standard is a snare and delusion. The act of January 9, 1851, established in Chili the free and untimited coinage of silver and gold at the ratio of 16.39 to 1. From 1859 to 1873, inclusive, there was presented for colunge at the mints 7,873,608 pesos (dollars) of sliver and 13,765,553 pesos gold. From 1874 to 1878 the coinage was \$,444,766 pesos of silver and only 398,228 pesos of gold. In other words, as our minister reports, the coinage of gold practically ceased with startling sudden-ness and the mint became overburdened with silver. When more gold than silver was presented at the mints silver was more valuable than gold, for while the legal ratio was 16.39 to 1 the commercial ratio was in 1851 15.46 to 1, and in 1873 15.43 to 1. In 1860, because the silver peso had practically been driven out of circulation, it was neces-

But the time came when silver depre-ciated and gold took the place of silver for export. It was no longer presented at the mint for coinage, but was retired from circulation. Thus Chill fell to a monome tallic silver basis, ultimately declining to inconvertible paper. The gold having been exhausted, silver coin began to be exported, as the bank bills responded to the principal

wants of circulation at home.

Then came a significant fall in exchange. The average rate, which was about 44 pence in 1875, fell in 1875 to 40½. In October, 1879, exchange reached 24½ pence, threatening to make the subsidiary silver coinage disappear from the country. In order to prevent this the fineness of the subsidiary silver was reduced from nine-tenths to fivetenths. In September, 1893, the paper peso 1894, it averaged only 11½ pence, and rose to 17½ pence on the expectation of the prompt resumption of specie payment at the rate of 18 pence per paper peso.
This, briefly stated, was Chill's experience

-30,000,000 government notes and 20,000,000 bank notes, a per capita circulation on a gold basis of about \$5.84. EFFECT ON WAGES. The injurious effect of the depreciation of paper on the wage-earning classes and upon property owners is stated as follows

with paper money and the silver standard.

There had been no inflation. The circula-tion in round numbers was 50,000,000 peson

by a disinterested observer:
"Agriculturists, the owners of certain industries, and speculators have escaped more or less the inclined plane of the deprecia-tion of our money, but the majority of Chilians have reached at this moment an unendurable and precarious situation. La borers have seen their wages increased, but their habitations, food and clothing have increased in price in the same or in greater proportion to their wages. Arti-sans and small tradesmen have seen the cash value of their products diminish in the same manner. Teday they earn 2 esos where vesterday they earne the former peso was worth 45. has happened to all tradesmen and manufacturers, who, although they have sold their produce at prices apparently high, bought at an exaggerated cost on account

of the depreciation of money NEBRASKA THE IDEAL COUNTRY.

Recent Visitors from the East Praise the Antelope State's Fertility. Of the recent expedition of Illinois, Indiana and Ohio men through Nebraska the Chicago Times-Herald has a lengthy ac-

count, which concludes as follows: On their return to Chicago, before going to their homes, the guests of the Burlington gave their opinions of the advantages offered to farmers in the west, and particularly on the state of crops in Nebraska, H. W. Dana of Lincoln, III., said: "Fo farming and stock raising purposes Ne-braska has not been excelled by any other state for the last five years. In the trip I found the country laden with one of the most magnificent corn crops I have ever seen. The land is giving a glorious yield and the soil seems to be of great fertility." B. F. Ferguson of Rensselaer, Ind., was enthusiastic about Nebraska. "The resources of the state are very great." he said. "Already large crops of small grain lacy matured and are largely haev matured and are largely saved. seems to be every prospect that farmers would succeed in the state, as it has so

James Friar of Grand Rapids, Mich., said one could not form any adequate idea of the immense crops, the splendid climate and the abundant resources of the state unless he paid a visit to Nebraska. He said if he gave a fair account of the condition of the crops as he round in friends would think he was exaggerating. dition of the crops as he found it even his saw 1,000 miles of corn, some of which was from fourteen to fifteen feet high. The yield should be from fifty to eighty bushels an acre. Fruit was in abundance and the farmers were happy and contented.

the stock raising, crops and fruit culture were equal to any other state in the union. "One thing that strikes an Indiana man particularly in Nebraska," said F. M. Schermeyer of Decatur, Ind., "is that there is no clay land. The soil on the uplands presents the same rich, black appearance as that of the valleys." W. S. Young of Farmer City, Ill., was surprised by the bountiful crops in Ne-

craska, and so was D. M. Best of Elkhart,

Similar excursions will be made through Nebraska to show the natural advantages of the state. Strength of a Spider's Web. An ordinary spider web or thread is capable of bearing a weight of three grains. A steel wire of the same size would bre under a weight of less than two grains.

ECZEMA From early child-hood until I was grown my family spent a fortune trying to cure me of this disease. I visited Hot Springs and was treated by the best medical men, but was not benefited. When all things had FROM failed I de-termined to FROM try S.S.S. and in four months was entirely cured. The terrible eczema was gone, not a sign of it left. My general health built up, and I have never had any return of the disease.

hever had any return of the disease. I have often recommended 8.5.8. and have never yet known a failure to cure.
